

Shareplan 2017

Frequently Asked Questions

[Click to Begin](#)

Warning: These FAQs are provided to you for information purposes only. AXA SA or your employer will not provide any investment, tax or any other type of advice. Investing in Shareplan is a personal decision that you must make yourself, taking into account your financial resources, your investment goals, your personal tax situation and any other investment alternatives available to you. In order to analyse your own personal financial situation and your interest in investing in the different choices offered, you should consult with your usual financial intermediary (bank, financial management adviser, etc.). In the event of any conflict between these FAQs and the Fund Regulations, the Fund Regulations will take precedence.

ABOUT SHAREPLAN

1. What is Shareplan?

Shareplan gives AXA Group employees the opportunity to have a financial stake in AXA linked to AXA shares. Through Shareplan, employees subscribe for units in a mutual fund, FCPE, (Fonds Commun de Placement d'Entreprise). The FCPE subscribes for AXA shares through the capital increase. An FCPE is a French law collective investment fund for employee savings. Shareplan comprises two plans; the Traditional Plan and the Leverage Plan.

2. Which is the better plan?

Both plans offer advantages. You should choose which is best for you on the basis of your personal situation and the level of risk you wish to take. Under the Traditional Plan the value of your investment will depend entirely on the AXA share price performance, which can rise or fall and there is no guarantee that you will get back your initial investment. Under the Leverage Plan, your smaller initial investment is multiplied by 10 by the participation of the partner bank. You will always get back an amount at least equal to your initial Euro investment. The final amount you receive will depend on the AXA share price performance when compared to the Reference Price and will be reduced by the variable percentage taken by the partner bank. With both plans you will be exposed to any exchange rate fluctuations.

Please refer to the Shareplan 2017 brochure on www.axa-employeebenefits.co.uk/shareplan for a more detailed explanation of the two plans and a summary of the UK tax position for each plan. Participation in Shareplan 2017 is entirely voluntary.

3. Is there a minimum investment required?

Yes, there is a minimum investment of £10 which can be split between the two plans.

4. Why is my total investment restricted to an amount equal to 25% of my total annual gross salary?

The decision to set up Shareplan 2017 was made by AXA SA, our French parent company. Consequently Shareplan is subject to French law, which stipulates that the maximum amount of investments made in employee savings plans are limited to an amount equal to 25% of the employee's annual gross salary. The 25% limit has been applied in all participating countries (except in the event of less favourable local legislation) so all Group employees are treated equally.

5. How do I calculate my annual salary?

This is your gross annual salary for 2017 as at 31 July 2017 (pro-rated if you started after 1 January 2017 but with credit given for months up to 31 December 2017) plus any bonus/sales incentive payments received in the 12 months up to 31 July 2017. Your gross annual salary is the amount you are paid before salary sacrifice deductions and is based on the number of hours you work (not your full-time equivalent salary).

ELIGIBILITY

6. Who is eligible to participate?

Employees of AXA Group on 28 August 2017 and on the last day of the Cancellation/(second) subscription period, i.e. 17 October 2017 with at least three months service with the AXA Group on 17 October 2017. This means that you must have started with AXA on or before 17 July 2017 and remain employed on 17 October 2017. If you cease employment with AXA before 17 October 2017 you will not be eligible to participate. This applies to all employees.

7. If I am on Long Term Sick, Maternity Leave or Sabbatical, am I eligible to participate in Shareplan 2017?

Yes, all employees who meet the criteria above are eligible to participate in Shareplan 2017 and will be invited to participate. If you are on leave you will receive a letter to your home address or receive an invite via your personal email address, if we have this, with details of the reservation (subscription) process.

8. I am working my notice period, am I eligible to participate in Shareplan 2017?

Yes, if you are an employee of the AXA Group on 28 August 2017 and have been employed for a minimum of three months and are still employed by the AXA Group on 17 October 2017 you will be eligible to participate. However, you will not be eligible to take out a Shareplan loan. If you cease employment with the AXA Group before 17 October 2017 any reservations or subscriptions will automatically be cancelled and any refund due will be returned to you by the end of November 2017.

9. What happens if I leave the AXA Group under a TUPE transfer or sale of an AXA company?

If you cease employment with the AXA Group before 17 October 2017 your investment will automatically be cancelled and any refund due will be returned to you by the end of November 2017. If you leave on or after 17 October 2017 you will remain eligible to participate.

THE RESERVATION (SUBSCRIPTION) PERIOD

10. Will I be invited to join Shareplan 2017?

Yes, if you are eligible, you will receive an email invitation to your work address on 29 August 2017. If you do not have a work email address, or are currently on Long Term Sick, Maternity leave or on Sabbatical, you will receive a letter to your home address or receive an invite via your personal email address. If you do not receive an invitation please contact Equiniti on 0371 384 2155 (overseas 0044 121 415 7139)

11. When will I receive my invitation?

All eligible employees will receive their invitation on 29 August 2017.

12. What happens if I don't receive an invitation?

If you have not received an invitation either by email or through the post (if you are on Long Term Sick, Maternity leave or Sabbatical, or you do not have access to a work email address) by 31 August 2017, please contact Equiniti on 0371 384 2155 (overseas 0044 121 415 7139).

13. How do I reserve units in Shareplan 2017?

Your invitation (either by email or through the post depending on your work circumstances) from Equiniti on behalf of AXA on 29 August 2017 will contain the link to the online Shareplan service and your Unique Reference Number (URN). Through www.axa-employeebenefits.co.uk/shareplan click on “**Reserve/Subscribe**” and you will enter the online system and be asked to enter your URN and National Insurance Number. From here proceed through to the online Shareplan service where you can reserve units.

If you do not have access to the internet, please contact Equiniti on 0371 384 2155 (overseas 0044 121 415 7139) and request a paper application form. This will be sent to your home address, and you will need to complete the form and return it to Equiniti no later than 8 September 2017. You should enclose a cheque made payable to Shareplan 2017 and/or complete the Loan Form.

14. When can I reserve units in Shareplan 2017?

You can apply to reserve units at any time between 29 August and 8 September 2017. You can reserve units online through www.axa-employeebenefits.co.uk/shareplan.

15. What do I do if I have lost my Unique Reference Number?

If you have lost or forgotten your URN please contact Equiniti on 0371 384 2155 (overseas 0044 121 415 7139) before 8 September 2017. The Reservation (Subscription) period closes on 8 September 2017 and will not re-open for cancellations/(second) subscriptions until 13 October 2017.

16. I don't know my National Insurance number?

If you are unable to locate your National Insurance number, contact your payroll department.

17. Do I have the option of making periodic contributions throughout the year to Shareplan 2017?

No. Shareplan investments are in AXA shares issued in connection with the capital increase reserved for AXA employees. Therefore, you can only reserve units during the Reservation (Subscription) period or subscribe during the Cancellation/(second) subscription period.

18. Can I amend my investment if I have made a mistake or have changed my mind?

No, amendments cannot be processed. If you have made a mistake or have changed your mind about the level or type of investment you want to make you can cancel the reservation in full during the Cancellation/(second) subscription period (13 October – 17 October 2017) and reapply during this period on the terms outlined in the Shareplan 2017 brochure.

PAYING FOR YOUR INVESTMENT

19. How can I pay for my investment?

If applying online you can pay by debit card, by loan, or by a mixture of the two.

If applying using the paper form you can pay by loan, by cheque or by a mixture of the two. If applying during the:

- Reservation (Subscription) period, your completed form and accompanying payment must be received by Equiniti before the end of the Reservation (Subscription) period, no later than 8 September 2017.
- Cancellation/(second) subscription period, your completed form and accompanying payment must be received by Equiniti before the end of the Cancellation/(second) subscription period, no later than 17 October 2017.

20. Who is eligible for a loan?

All employees of AXA Group companies in the UK who offer this facility and who meet the eligibility criteria to participate in Shareplan 2017, and are not working their notice period are eligible for a loan. To apply for an interest-free loan, please complete the Loan Application Form online or using the paper application form if you are not using the online Shareplan service.

21. On what basis does AXA offer a loan?

AXA is able to offer the loan over a ten month repayment period, with repayments being taken from your salary between December 2017 and September 2018. Should you wish, the outstanding loan can be repaid in full at any time between December 2017 and September 2018. If you would like to do this you should contact your payroll department.

22. What happens if I apply for a loan and I leave during the repayment period?

If you leave AXA after subscribing to Shareplan 2017 and you have received an interest-free loan, any outstanding amount will be deducted from your final salary payment. If the full amount cannot be recovered and attempts to recover any remaining balance are unsuccessful, AXA will redeem a portion of your Shareplan units on your behalf to pay the outstanding amount.

REFERENCE AND SUBSCRIPTION PRICES

23. How are the Reference Price and Subscription Prices calculated?

The Reference Price is set by taking the average of the 20 daily V-WAP (Volume Weighted Average Price) of the AXA share price as measured over the 20 trading days from 14 September to 11 October 2017 (inclusive). The Subscription Price for the Traditional Plan is set at a discount of 20% to the Reference Price. The Subscription Price for the Leverage Plan is set at a discount of 8.98% to the Reference Price.

24. When will the Reference and Subscription Prices be announced?

The prices will be announced on 12 October 2017 and will be available at www.axa-employeebenefits.co.uk/shareplan.

THE CANCELLATION/(SECOND) SUBSCRIPTION PERIOD

25. Can I cancel my reservation if I change my mind?

Yes. However, you can only cancel your reservation during the Cancellation/(second) subscription period (13 October – 17 October 2017) and cancellations can only be made in full. This means that your entire reservation will be cancelled. If you have made a debit card payment this will be refunded to your card within 10 working days from the date of cancellation.

26. Can I subscribe during the Cancellation/(second) subscription period?

Yes, if you missed the Reservation (Subscription) period from 29 August – 8 September 2017, you will have the opportunity to subscribe during 13 October – 17 October 2017. The investment ceiling for the Leverage Plan will reduce from an amount equal to 25% (including the partner bank's additional contribution) of your gross annual salary to an amount equal to 2.5% (including the partner bank's additional contribution) of your gross annual salary.

For example, if your investment ceiling at 25% was £7,000 during the Reservation (Subscription) period, it will be £700 in the Cancellation/(second) subscription period. The Traditional Plan remains the same with an investment ceiling of an amount equal to 25% of your gross annual salary for both periods. Subscription during the Cancellation period/(second) subscription period can be done online through www.axa-employeebenefits.co.uk/shareplan.

27. Can I amend an investment made in the Reservation (Subscription) period if I have made a mistake or have changed my mind?

No, amendments cannot be processed. If you have made a mistake or have changed your mind about the level or type of investment you want to make you can cancel the reservation in full during the Cancellation/(second) subscription period (13 October – 17 October 2017) and reapply during this period on the terms outlined in the Shareplan 2017 brochure.

28. What happens to the Reference Price and the Subscription Prices if the AXA share price fluctuates on the stock market during the Cancellation/(second) subscription period?

The Reference Price and Subscription Prices remain unchanged throughout the Cancellation/(second) subscription period. The prices are set during the Price Setting Period. The price remains the same regardless of what happens to the AXA share price on the stock market after the Price Setting Period.

THE HOLDING PERIOD

29. Will I receive a Share Certificate?

No. You can view details of your Shareplan 2017 units and monitor the value of your units during the five year holding period on www.capeasi.com. For details of how to login to the Capeasi website, contact Equiniti on 0371 384 2155 (overseas 0044 121 415 7139).

30. Will I receive Dividends?

Traditional Plan

Dividends are paid annually by AXA and are automatically reinvested in units under the Traditional Plan. A dividend confirmation will be sent to you in July of every year confirming the dividend

amount. Dividends paid on the shares held in the Fund are reinvested on your behalf in more units or fractions of units. The amount is reinvested into the Traditional Plan increasing the number of units you hold. For further information regarding the tax on dividends, please visit the “Tax file – Traditional Plan” section of the 2017 brochure on www.axa-employeebenefits.co.uk/shareplan. Details on the taxation of dividends are set out in the 2017 brochure.

Leverage Plan

Dividends paid in respect of shares acquired under the Leverage Plan are surrendered to the partner bank. This forms part of the agreement with the partner bank for 2017.

31. What happens if I cease employment?

If you cease employment you may be able to withdraw from Shareplan early, or remain in Shareplan for the full five years. In certain circumstances you may be required to meet the employer’s NICs liability arising on redemption of your units. There is no penalty for withdrawing early. If you decide to stay in Shareplan we will contact you at the end of the five year holding period to advise you that your investment in Shareplan has matured. Please keep Equiniti up to date with any change in personal details if you remain in Shareplan.

32. What happens if I leave the AXA Group under a TUPE transfer or sale of an AXA company?

Your units will remain invested in Shareplan through to the end of their respective five year holding periods, unless you qualify to apply for an early redemption due to an ‘early release event’.

The qualifying reasons for early release are based on events or changes to your personal circumstances which could result in the need to access your investment(s). This includes leaving AXA or an acquirer of an AXA business or company through resignation, redundancy, dismissal or mutual agreement.

Transferring to an acquirer through TUPE transfer or on a sale of your employing company, does not qualify as an ‘early release event’ under the Shareplan rules, because continuity of employment is maintained. However, you will qualify if you subsequently cease employment with an acquirer of the AXA business or company through resignation, redundancy, dismissal or mutual agreement.

33. Can I withdraw my money at any time?

There are certain life events referred to as ‘early release events’ which allow you to withdraw from Shareplan before the end of the five year holding period. For further information please visit the early release section of the 2017 brochure entitled “How and when can I access my Shareplan units” on www.axa-employeebenefits.co.uk/shareplan.

Only early release events that occur on or after 18 October 2017, i.e. once the Cancellation/(second) subscription period is closed, will be allowed. Early redemptions on units invested for both Traditional & Leverage Plans may be requested from 12 December 2017. Each of the nine events will allow you to request only one early redemption.

34. What impact do fluctuations in the value of the Euro have on the value of AXA shares?

AXA Shares are listed on the Euronext Paris Stock Exchange and are valued in Euros. Therefore, fluctuations in the exchange rate of the Euro against other currencies will not affect the value of the

AXA shares to which your investment in the Traditional Plan and Leverage Plan relates because these are in Euros.

35. What impact do fluctuations in the value of the Euro have on my units?

The value of your units may vary due to fluctuations in the exchange rate between the Euro and Sterling. This exchange rate risk is relevant at two points during the life of your units:

- **At reservation/subscription:** there may be a difference between the exchange rate at the date you decide to reserve/subscribe and the date when the final exchange rate between Sterling and the Euro which will be applied to your investment is determined. This final exchange rate will be fixed by AXA. This may mean that the amount of your personal Euro investment is higher or lower than it would have been on the date you decided to join Shareplan.
- **On full or partial redemption of your units:** the proceeds will be converted from Euros into Sterling on redemption at the point when the proceeds are received in the UK. The exchange rate on this date from Euros to Sterling will determine the final Sterling amount you receive on redemption.

MATURITY/REDEMPTION

36. Will I get my money back?

There is no guarantee that you will get back the full amount that you invest in Shareplan. Under the Leverage Plan you will always get back an amount equal to your personal Euro investment if you sell at the end of the five year holding period or earlier under the early release provisions. The Traditional Plan does not carry any guarantee. The value of these units will rise and fall with the AXA share price. This means that at the end of the holding period you could get less back than the amount you invested if the AXA share price has fallen.

Please refer to the section in the 2017 brochure on the Leverage Plan and the Traditional Plan on www.axa-employeebenefits.co.uk/shareplan for further details.

37. Can I redeem the units?

Yes, the units can be redeemed at maturity or on an early release event – see the 2017 brochure on www.axa-employeebenefits.co.uk/shareplan.

The amount you receive for your units will depend upon the type of Plan you are in. The Leverage Plan guarantees you your personal Euro investment plus a proportion of any gain. The Traditional Plan units will vary based on the AXA share price. All proceeds from redemption are converted into Sterling using the commercial exchange rate (this is different to the tourist rate) at the point when the proceeds are received in the UK. For redemptions outside the maturity period, it can take up to ten weeks for the proceeds to be issued.

The redemption proceeds for the Traditional Plan will be paid directly into the bank account nominated by the participant. At maturity all redemption proceeds for the Leverage Plan will be paid through payroll. Upon early release if the sterling amount returned is less than, or equal to, your

original sterling investment this will be returned directly to you by Equiniti. If the sterling amount returned is higher than your original sterling investment, your original sterling investment will be returned to you by Equiniti with any gains paid to you via payroll. Any income tax and NICs deductions in respect of the Leverage Plan will be deducted from any gains and paid to HMRC by your employing company through PAYE.

38. Can I transfer the units?

No, the units are non-transferable.

39. Is the valuation the same for early release and maturity?

Traditional Plan

The net asset value of units in the fund is calculated on each trading day (except for legal holidays and days when the Euronext Paris Stock Exchange does not close at its regular time). The assets of the fund are AXA shares so the value of your units will vary based on the AXA share price. The valuation process is the same for early release and maturity.

Leverage Plan

The final price is calculated using the average of the 52 closing share prices recorded each week in the final year of the holding period. For an early release in the first four years of the holding period the AXA share price used to value the units corresponds to the average of 3 closing share prices measured over a 3 day period. For an early release in the final year of the holding period, the methodology used will be based on that used when calculating the final price at maturity, referencing an average of the closing share prices recorded each week.

For a full explanation of this methodology refer to the Key Information for Investors Document and the Fund Regulations.

OTHER

40. I have a question that has not been answered, who should I contact?

Please contact Equiniti on 0371 384 2155 (overseas 0044 121 415 7139) with any questions you may have that are not answered in these FAQ's.
